

DIGITAL CITIZENSHIP SURVIVAL KIT

Create strong passwords and protect your personal information.

Treat passwords like toothbrushes:

Don't share and change them regularly.

Remember that what you put online is permanent...

...like a digital tattoo that you will have forever.

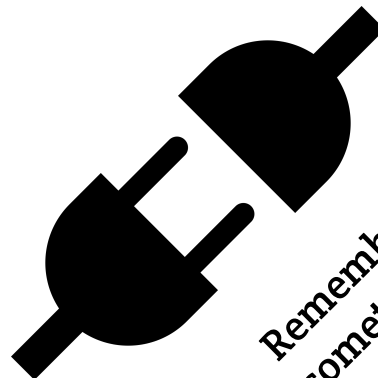

You drop seeds behind you on your online path. Will yours grow desirable plants or weeds?

Once squeezed out, you can't put toothpaste back in the tube. Once posted, you can't always undo or unpublish

Examine sources carefully to determine the quality of information found online.

Remember to unplug sometimes and enjoy some offline activities too.
